Council Proceedings dated 6-7-46.

Subject No. 51/29-6-46

Mr. C N.Narasinga Rau observed that the Council had previously approved of the raising of the status and rank of the Municipal Engineer to that of an Executive Engineer and that the opinion of the Managing Committee which was in accordance with this resolution may be approved.

Mr. d C.Suryanarayana Rao speaking next said that he was not xxxr averse to the opinion of the Managing Committee but had a doubt whether this could be done without changing the Act. The previous resolution was so worded that it raised the status and rant but not the pay. But the present present opinion was to raise his pay to that of an Executive Engineer. Under the Act, the Engineer could not be invested with the powers of the Executive Engineer of the D P W. and hence there was no meaning in enhancing the pay without powers. So they should also think of amending the Act

Mr G Nanjappa supporting the Managing Committee opinion said that it was better the Engineer was invested with the full powers of an Executive Engineer of the D P W.

Messrs. M Krishnaswami Pillay and D.Venkataramanappa supported the opinion of the Managing Committee.

Mr. G.V.Ramachar pointed out that the change in pay would mean a change in the scale and whether for the sake of one officer they had to change the scale He said that this letter from the Chief Engineer carried many implications and it was better the suejact was deferred for detailed consideration.

Mr. N Y Pissay seconded the deferring motion.

Mr. C.N.Narasinga Rau opposed the deferring motion and said that Mr. Madhavan was getting the Executive Engineer's grade and pay in the Department shortly and it was not desirable to make him suffer because he is serving in the Muricipality.

Then the deferring motion was put to vote and lost, 2 voting For and 8 against.

Then the opinion of the Managing Committee was put to vote and passed, 7 voting For and 1 against.

P Sivashankar,

Hon. President.
